Discover your future at the Computational Chemistry and Materials Science (CCMS) Summer Institute at Lawrence Livermore National Laboratory

The CCMS Summer Institute is a unique opportunity for graduate students to work directly with leading LLNL researchers on the development and application of cutting-edge methods in computational chemistry, materials science, and related areas.

- Work with a mentor on a real project that directly impacts LLNL’s national security mission.
- Attend weekly lectures by leading experts from universities, national laboratories, and industry.
- Tour LLNL facilities and laboratories.
- Network with other students and researchers across LLNL.
- Present your findings at the Student Poster Symposium.

DATES
JUNE 8 TO AUGUST 15, 2020

LOCATION
LIVERMORE, CALIFORNIA
